

Biography

Shayne Cocks

My profession as a photographer started many years ago back in Scotland UK, photographing Scottish railway, ScotRail in Edinburgh.

When I moved back to Australia, I went to TAFE and Studied Certificate IV and Diploma in Photo Imaging, which this leads me into starting my own business "C Photos" photographing Events. A couple years later I went back to TAFE and study Graphic Design to incorporate the skills to work with my photography.

At current I'm now working on a big project as a Photo Editor and edited Catholic School photos for a small business based in Sydney Inner West. Adding to the work load I also photograph the TAFE Graduation Photos during the year and at the end of the year I work on a Santa Set as Set Supervisor for Santa photos at the local shopping centre in Nepean area. On the side I judge photographs at various camera clubs, which I enjoy...

I'm love teaching at the local community college tutoring photography for Adult Learning.

Voluntary work was interesting and volunteered for the Blue Mountains Musical Society Inc. for several years and photographed musical theatre productions (Annie, Les Miserable, Oliver and Sound of Music).

Photography is my passion and my *motto is 'don't stop what you love doing'...*

Thanks
Shayne Cocks
